TAXONOMY OVERVIEW

132-Metric Canonical Diagnostic Structure

Exhaustive rubric breakdown of all 11 Dimensions and 132 canonical metrics.

74.8

/ 100

132 of 132 Metrics Scored

Complete diagnostic dataset populated across 11 dimensions (12 metrics per dimension).

Metric Distribution & Scoring Standard

Every metric is scored on a 0–100 standardized scale derived from rubric maturity level (1–5), implementation depth, and outcome achievement. Evidence level (E0–E4) validates the provenance of each capability claim.

END OF ILLUSTRATIVE SAMPLE

This report demonstrates the structure, analytical depth and presentation of an ECRI institutional assessment.

The institution, scores, evidence and findings shown are synthetic and illustrative.

A complete institutional report is generated from the institution's own assessment responses, evidence record, AI-assisted evidence analysis and verified score run.

Because standard ECRI does not require an assessor, do not imply mandatory human assessor approval.
